

NOKIA 770

Internet Tablet

Nokia 770 Internet Tablet Data Sheet

The Nokia 770 Internet Tablet provides portable broadband access to the Web via Wi-Fi or by Bluetooth connection with compatible mobile phones.* Its wide hi-resolution screen makes it optimal for viewing online content away from one's laptop or desktop.

*Designed to meet Bluetooth Specification 1.2 (File Transfer, Dial-up Networking, Generic Access, Serial Port and SIM Access) profiles. Product does not have built-in cellular connectivity.

Planned Market Release

Q3 2005
